Vol. 1, No. 1, of the Springer (N.M.) Times came to us this week. It is edited by Mr. L. C. Floerich, formerly of Reno. It is a neat, four-column, 8-page paper, well arranged, newsy and attractive to its readers, especially to a printer, as it is chock full of ads, showing a hearty support. Here's hoping it may be ever thus, later.

Harvey Mack, general representative for the United Play Company, is in the city waiting for the appearance here on Saturday 20 of Hugo B. Koch in Circle Packer's comical play "The City". Mr. Mack announces that a number of this firm's attractions are coming west and that there is an excellent possibility of this city being included in the routes. The name of the United Play Company stands for some of the biggest dramatic successes of the period, notably Sarah Padden in "Killing", "The Lion and the Mouse", "The Third Degree", "Granstar", and "The King". This is the most important list of attractions controlled by any firm outside New York and the high standard of casts and productions have given the United Play Company a high rating with theatre managers and patrons.

While there has been some complaint of poor business in the larger centers of population Mr. Mack says that in the west all attractions of merit are doing well. Mr. Koch is having the most successful tour of his career and many of his audiences have been of the popularity and more than one theatre has dusted off the "standing room only" sign for his appearance. In fact Mr. Mack states that since leaving the Mississippi River "The City" has not had a single night's business which could be described as small. Reports from the other attractions of this firm are of the character. Particularly is this true of "Granstar", a dramatization of the popular book of the same title, which is hoped may be present at home before the close of the season.
